

## Material Safety Data Sheet

Date Created 09/23/2008  
Date Updated 07/07/2014  
Version 1.1

### Section 1-Product Information

Product name  $\beta$ -Amyloid (1-42), human  
Product Cat. No. RP10017

### Section 2-Composition / Information on Ingredients

Substance/Preparation: Substance  
Ingredient Name  $\beta$ -Amyloid (1-42), human  
CAS No. Not available  
SARA 313 No  
Formula  $C_{203}H_{311}N_{55}O_{60}S$

### Section 3- Hazards Identification

Emergency Overview  
Caution The chemical, physical, and toxicological properties of this product have not been thoroughly investigated. Exercise due care.

HMS Rating  
Health 3  
Flammability 0  
Reactivity 0  
NFPA Rating  
Health 3  
Flammability 0  
Reactivity 0

For additional information on toxicity, please refer to Section 11.

### Section 4- First Aid Measures

Oral Exposure If swallowed, wash out mouth with water provided person is conscious. Call a physician.  
Inhalation Exposure If inhaled, remove to fresh air. If breathing becomes difficult, call a physician.  
Dermal Exposure In case of skin contact, flush with copious amounts of water for at least 15 minutes. Remove contaminated clothing and shoes. Call a physician.  
Eye Exposure In case of contact with eyes, flush with copious amounts of water for at least 15 minutes. Assure adequate flushing by separating the eyelids with fingers. Call a physician.

### Section 5- Fire Fighting Measures

Flash Point Not available  
Autoignition Temp Not available  
Flammability Not available  
Extinguishing Media  
Suitable Carbon dioxide, dry chemical powder, or appropriate foam  
Fire Fighting  
Protective Equipment Wear self-contained breathing apparatus and protective clothing to prevent contact with skin and eyes.  
Specific Hazard(s) Emits toxic fumes under fire conditions

### Section 6- Accidental Release Measures

Procedure to be Followed in Case of Leak or Spill Evacuate area

860 Centennial Ave., Piscataway, NJ 08854, USA

|  |   |
|--|---|
| Procedure(s) of Personal Precaution(s) | Wear respirator, chemical safety goggles, rubber boots, and heavy rubber gloves   |
| Methods for Cleaning up                | Sweep up, place in a bag and hold for waste disposal. Avoid raising dust. Ventilate area and wash spill site after material pickup is complete. |

### Section 7-Handling and Storage

---

|                   |  |
|-------------------|--|
| Handling          |  |
| User Exposure     | Avoid inhalation. Avoid contact with eyes, skin, and clothing. Avoid prolonged or repeated exposure. |
| Storage           |  |
| Suitable          | Keep tightly closed  |
| Storage at -20 °C |  |

### Section 8-Exposure Controls/Personal Protection Equipment

---

|                               |   |
|-------------------------------|---|
| Engineering Controls          | Mechanical exhaust required   |
| Personal Protective equipment |   |
| Respiratory                   | Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU). Respiratory protection is not required. Where protection from nuisance levels of dusts are desired, use type N95 (US) or type P1 (EN 143) respirator. |
| Other                         | Wear appropriate government approved respirator, chemical-resistant gloves, safety goggles, other protective clothing.  |
| General Hygiene Measures      | Wash thoroughly after handling  |

### Section 9- Physical and Chemical Properties

---

|                       |               |
|-----------------------|---------------|
| Appearance            |               |
| Physical State        | Solid         |
| Property              |               |
| Molecular Weight      | 4514.10 AMU   |
| pH                    | Not available |
| BP/BP Range           | Not available |
| MP/MP Range           | Not available |
| Freezing Point        | Not available |
| Vapor Pressure        | Not available |
| Vapor Density         | Not available |
| Saturated Vapor Conc. | Not available |
| SG/Density            | Not available |
| Bulk Density          | Not available |
| Odor Threshold        | Not available |
| Volatile%             | Not available |
| VOC Content           | Not available |
| Water Content         | Not available |
| Solvent Content       | Not available |
| Evaporation Rate      | Not available |
| Viscosity             | Not available |
| Surface Tension       | Not available |
| Partition Coefficient | Not available |
| Decomposition Temp.   | Not available |
| Flash Point           | Not available |
| Explosion Limits      | Not available |
| Flammability          | Not available |
| Autoignition Temp     | Not available |
| Refractive Index      | Not available |
| Optical Rotation      | Not available |
| Miscellaneous Data    | Not available |
| Solubility            | Soluble       |

## Section 10- Stability and Reactivity

|                                  |  |
|----------------------------------|--|
| Stability                        |  |
| Stable                           | Stable                                     |
| Materials to Avoid               | Strong acids, Strong bases                 |
| Hazardous Decomposition Products |  |
| Hazardous Decomposition Products | Nature of decomposition products not known |
| Hazardous Polymerization         |  |
| Hazardous Polymerization         | Will not occur                             |

## Section 11- Toxicological Information

|                                   |  |
|-----------------------------------|--|
| Route of Exposure                 |  |
| Skin Contact                      | May cause skin irritation  |
| Skin Absorption                   | May be harmful if absorbed through the skin  |
| Inhalation                        | Material may be irritating to mucous membranes and upper respiratory tract. May be harmful if inhaled. |
| Ingestion                         | May be harmful if swallowed  |
| Conditions Aggravated by Exposure | The toxicological properties have not been thoroughly investigated.                                    |

## Section 12- Ecological Information

No data available.

## Section 13- Disposal Considerations

|  |  |
|--|--|
| Appropriate Method of Disposal of Substance or Preparation | Contact a licensed professional waste disposal service to dispose of this material. Dissolve or mix the material with a combustible solvent and burn in a chemical incinerator equipped with an afterburner and scrubber. Observe all federal, state, and local environmental regulations. |
|--|--|

## Section 14- Transport Information

|                                 |   |
|---------------------------------|---|
| DOT                             |   |
| Proper Shipping Name            | None  |
| Non-Hazardous for Transport     | This substance is considered to be non-hazardous for transport. |
| IATA                            |   |
| Non-Hazardous for Air Transport | Non-hazardous for air transport                                 |

## Section 15- Regulatory Information

|                                      |  |
|--------------------------------------|--|
| US Classification and Label Text     |  |
| US Statements                        | Caution: The chemical, physical, and toxicological properties of this product have not been thoroughly investigated. Exercise due care.            |
| United States Regulatory information |  |
| SARA Listed                          | No   |
| Canada Regulatory information        |  |
| WHMIS Classification                 | This product has been classified in accordance with the hazard criteria of the CPR, and the MSDS contains all the information required by the CPR. |
| DSL                                  | No   |
| NDSL                                 | No   |

## Section 16- Other Information

GenScript corporation MSDS is believed to be correct but only used as a guide for experienced personnel, GenScript shall not be held liable for any damage resulting from the handling or from contact with the above product.

Amyloid beta, 1-40 or 1-42

DAEFRHDSGYE VHHQ KLVFFAEDVGSNKGAIIGLMVGGVVIA

Synthetic (solid-phase), purified in  $\text{NH}_4\text{OH}/\text{H}_2\text{O}$

Dry powder or aqueous solution or some organic solvents  
1 mM or below
